NOTE

- JUNIOR CATS (INC u21) BASED ON AGE AT END OF 2017
- VETERAN CATS ARE BASED ON AGE AT END OF 2016

Guidance for people involved in registration;

(1) Category will be determined only by year of birth in line with the above table.

(2) Junior categories (inc. u21) are based on age at the end of 2017. This is in accordance with new FRA guidance/rules for junior championships.

(3) Veteran categories are based on age at the end of 2016 as with previous years of the KWL. This is because prizes are for the series not individual races and so we need to work on the basis that runners are 'at least' the stated age e.g. 40 for the duration of the series.

(4) Juniors in u21 category run in the seniors race. The youngest age competing in this race will be someone who turns 17 during 2017 i.e. they are 16 years old.

(5) Seniors are anyone who will have a 21st – 40th birthday during 2017.

(6) I'm joking about the 1900 cut off for year born. If someone aged 116 or more would like to race I'm sure we can create an amazing prize but suggest for race organisers sanity we send them out on the under 13's course so they are back before it's dark.
